Virtual Memorial Service

What is a VMS?

- A Virtual Memorial Service (VMS) was Designed to support an unattended funeral, this personalised service allows families to reflect and watch their loved one's final journey at their own pace.
- A VMS is comprised of picturesque drone footage of the venue, Service Recording and custom media chosen by the family.
- Our in-house team carefully edit chosen features to create a tasteful, personal Virtual Memorial Service.
- Just like an attended service, the Virtual Memorial Service can give closure to those left behind, offering another way to say goodbye.

Why a VMS?

- Direct cremations are now a mainstream choice for UK families.
- Research suggests clients are not getting the closure you get from an attended ceremony in comparison to a direct.
- Closure is an important step within the grieving process.
- A VMS bridges the gap between a Direct Cremation and a full service.
- Available to play at a wake/celebration if families decide they want one further down the line.
- A VMS is a way to say goodbye.

FAQs

Frequently Asked Questions

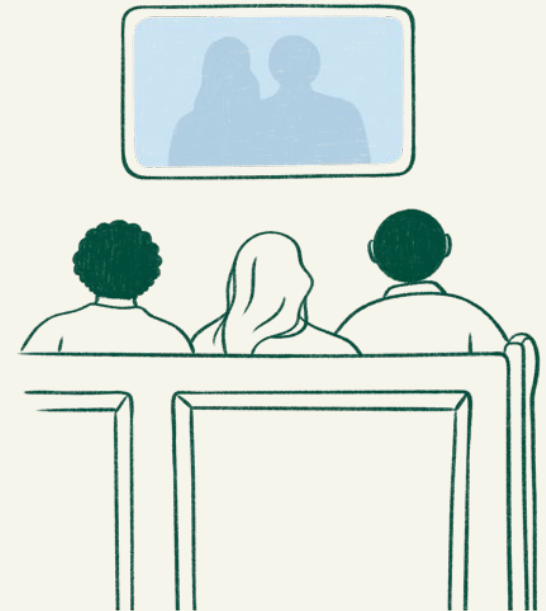

Will this change for me as Funeral Arranger or Venue?

Nothing will change for you, the purpose of this product is not to cause any additional time or work to any party.

Will 6 bearers be used? No, the direct cremation will take place as usual, the family is made aware that a trolley or bearers not in full uniform may be used.

What happens if the time changes on the day? We know not everything always goes to plan, if the time of the direct cremation changes, just call and let us know.

How will I know this is a VMS? Both the Funeral Arranger and Crematorium will receive an email to say a VMS has been booked, alongside the details.

Frequently Asked Questions

What will I need to do to order? Right now we are in a trial phase, all you need to do is complete a short order form and email it to vms@obitus.com and we will take care of the rest.

How do we know it's the right coffin? We always ask that if you have VMS booked and multiple directs coming in at once, for the person opting for VMS to go last. We also book in the name so the name will shown on screen too.

Does this mean the direct cremation will take more time? No, we freeze the footage so the poem can be read, the process will take no longer than it does at the moment.

A direct should be a direct!?! ... As with all of our products, we just want to provide an option for all families with all budgets. The request to create a media product suitable for the direct cremation industry came from our customers.

04

Support and training materials

Step 1. Engaging the clients

First and foremost, it's engaging the families and encouraging them to look at VMS when they have chosen a direct cremation. We have created a range of supporting materials to help you do this.

If you feel there is something else we could supply, please let us know!
